

**Aberdeen &
Grampian
Chamber of
Commerce**

CREATING CONNECTIONS

BUILDING YOUR BUSINESS | GROWING THE REGION'S ECONOMY

Chambers of Commerce sit at the heart of local business communities across the UK and beyond. Offering unrivalled expertise, networks and connections and bringing thousands of companies of every size and sector together to thrive and grow.

Like you, we are an SME ourselves so understand the challenges you face on a daily basis. We know the importance of doing and not just talking. Delivering results and making a positive difference for you and our business community.

Members get access to a range of over 60 benefits to help them get ahead in business. Everything from raising brand awareness to ensuring they have their finger on the pulse of the things they need to know. From creating new business opportunities to upskilling staff through our training programmes. From supporting import and export activities to saving money on business services and much more. You can find out more on the following pages.

Whether it's to make your business more successful, to play a role in creating a strong and sustainable North-east economy or a bit of both, our team would love to discuss how membership of the Chamber would benefit you. Achieving together what we could not individually.

Russell Borthwick
chief executive

How we can help your business today

Membership gives you access to a range of practical support to help your business succeed.

From sole traders to multinational corporations, the Chamber is Britain's biggest business network representing over 70,000+ member companies with 5.8 million employees covering every sector and location in the UK.

Aberdeen & Grampian Chamber of Commerce supports members locally, nationally and globally. They join for a wide variety of reasons, selecting the ingredients that work for them from our extensive menu of services.

Networking & events

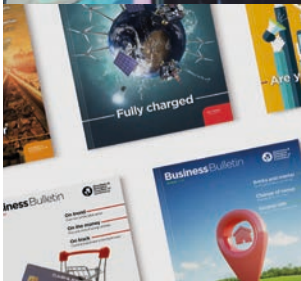

We inform and connect our members through our events programme, providing peer learning, information exchange, problem solving, building networks and helping you win business. www.agcc.co.uk/events

Skills & training

Enhance the expertise, productivity and performance of your workforce with a constantly updated programme of training courses. Over 30,000 delegates are trained every year across our network giving their employers a competitive advantage.

www.agcc.co.uk/training

Visibility

Promote your organisation to the Chamber network and keep your finger on the pulse of the business news you need to know via the Morning Bulletin, Business Bulletin and our online community. With 100,000+ average monthly page views, over 15,000 recipients of the Morning Bulletin and 15,000+ social media followers, we can give you the exposure and insight you need.

www.agcc.co.uk/helpingyour-business/news-opinion

Market intelligence

Inform your future plans with Chamber reports and insights on a range of topics, economic indicators and sector trends. You can also commission our independent Research Chamber team to undertake bespoke research on your company's specific issues and opportunities to help make better strategic decisions.

www.agcc.co.uk/research-chamber

International support

Our team of highly trained experts provide the knowledge and documentation to help exporters and importers move goods seamlessly across borders. And we help companies explore new market opportunities through our programme of trade missions and events. www.agcc.co.uk/helping-your-business/international-markets

How we will support your business tomorrow

The Chamber plays an active part in creating the economic conditions that will ensure the future success and prosperity of the North-east Scotland region, its businesses and residents. We take pride in being known for doing things, not just talking about them.

ABZOLUTELY.

Political influence

We are politically independent but with a direct line into government at all levels. Our lobbying and campaigns ensure your voice is heard, creating the policies and conditions to help businesses succeed.

Regional Economic Strategy

The Chamber is a co-author and delivery partner of the RES and holds board positions at Opportunity North East, VisitAberdeenshire and Aberdeen Inspired. This means our members effectively have a seat at the top table, enabling us to share information, join up agendas, shape future plans and get things done.

Abzolutely

The Aberdeen city region has a great story to tell. Led by the Chamber, this campaign and free online toolkit provides businesses with the images, videos, stories and facts to play a positive role in sharing the region's story, helping attract investment, the best people and winning business. www.abzolutely.com

Circular North-east

Informing and inspiring businesses to realise the benefits the circular economy presents to diversify, reduce costs, gain better value from their waste and explore new business opportunities.

www.agcc.co.uk/circular-north-east

Developing the Young Workforce

Bridging the gap between North-east employers and education to create your future staff pipeline. Informing and inspiring young people through employer engagement in schools, building young people's core skills through work placements and apprenticeships, helping them find fulfilling careers. www.dyw.org.uk

Net Zero North-east

Supporting SME's in understanding and taking the first steps on their journey to net zero. www.agcc.co.uk/net-zero-north-east

VANGUARD

Vanguard

A dynamic volunteer initiative making good things happen in the Aberdeen city region which otherwise would not. www.agcc.co.uk/supporting-our-region/vanguard

Membership types

We understand that every business is unique and needs support with different things at different times. That's why we make it as easy and flexible as possible for you to get what you want from your Chamber membership.

Our choice based packages have been created to allow you to select the benefits bundle that suits your requirements at any given time, making sure you get the greatest possible return on your investment.

Membership works, but don't just take our word for it. Here's what some of our members say about why they joined the Chamber...

CREATING CONNECTIONS

In 1877 we brought business together.

And today technology connects us wherever.

A pandemic and lockdowns forced us apart.

But now we look forward, a new dawn, a new start.

From oil, gas and wind, to the best drink and food.

We're gathering once more to collaborate on good.

The teachers, the charmers, the lawyers, the farmers.

The clever folk fighting bugs that would harm us.

Reporters, exporters, barbers and harbours.

A region fuelled by ambition; our mission, transition.

We've changed the world before, and will do so again.

It's not a case of if... it's a matter of when.

So whether it's over breakfast or dinner, coffee or beer.

Let's take Aberdeen to the world; and bring the world here.

Because in good times, in bad times, and all kinds of weather.

Nobody can touch us, when we all work together.

Premier partnership

£10,000 annual fee*

“The University of Aberdeen Business School is committed to engaging with the local business community, in order to enhance student employability and to play a role in the development of the region. Premier Partnership has proved to be an ideal vehicle to keep us connected with the business world and no doubt has helped us to accelerate our engagement activity.”

Prof Norman Hutchison,
Chair in Business School,
University of Aberdeen

* Plus VAT

The Chamber provides a range of practical business support services to help its members to be more successful today while creating the conditions for the future economic success of the region.

Like most of our members, we ourselves are a SME with no public funding towards our core services.

Our premier partners see the value of a strong regional Chamber and choose to engage with us at this level to reinforce their ongoing commitment to the region and its economy. They join a cause, not a club.

Without their support we would not be able to undertake much of the good work that we do. Their engagement is hugely valued and appreciated.

In addition to having access to all the elements of our four levels of membership, premier partners receive a suite of bespoke and exclusive benefits which can include:

- **Economic leadership** - a ‘seat at the top table’ shaping and influencing Regional Economic Strategy, City Region Deal, Invest Aberdeen and City Centre Masterplan related activities
- Engagement with Opportunity North East, Visit Aberdeenshire, Aberdeen Inspired and other key business agendas through the Chamber’s board positions
- Regular briefings from our chief executive and direct line to our executive team, board and policy council to support business challenges and initiatives
- Access and introductions to **key decision makers** and other Chamber partners and members

- Opportunity to **shape policy** agendas, engage in lobbying activity and campaigns
- **Exclusive invitations** to events including ministerial meetings, major awards, conferences and leadership dinners
- Complimentary places at **Chamber events** throughout the year
- **Priority engagement** in the skills agenda and circular economy through our lead status in the Developing the Young Workforce initiative and Circular North-east programme
- Participation in **Vanguard**, providing career development opportunities for future leaders to have a meaningful role in making good things happen in the region
- One full page **article or advertisement** every year in our Business Bulletin along with branding in each edition
- **Dedicated webpage** at agcc.co.uk with links to own site and highlighted news stories
- References and **branding** at specific key events
- £1,000 **credit** to use against selected Chamber services including in-house training, research or profile-raising
- Monthly economy and Chamber activity updates
- **Unlimited** affiliate companies included in membership at no additional cost
